What is an MVL?

SOLVENT LIQUIDATION of a company.

POSITIVE end to a company's life.

TAX EFFICIENT exit route for shareholders.

You could say an **MVL** is a positive end to a company's life. The process closes the company, leaving no outstanding matters and provides a potentially tax efficient and lucrative exit for company shareholders.

What are the benefits of an MVL?

TAX EFFICIENT - Shareholders pay as little as 10% capital gains tax.

LOW COST - prices as low as £850 + VAT.

TURNAROUND - Turnaround & distribution of cash to shareholders from day one of appointment (Bronze) from trusted **MVL** experts

An **MVL** is a **POSITIVE** process - if you have a cash rich company and want to keep your tax bills low, then an **MVL** could be the way forward.

Are you ready for an MVL?

If you can answer **YES** to the questions below, then you are ready to make the first step with us.

Are you (or your clients) planning to make distributions of more than £25,000 to shareholders?

Can the shareholders claim reliefs allowing them to pay 10% tax?

Is the company nearing the end of its life?
